Discussion Summary:

Prompt a discussion about the criteria the participants used to categorize the qualities or behaviours that are healthy or desired in a relationship. Talk about the qualities that participants feel fall into definite categories as well as behaviours that are worrisome. This activity is an interactive way to discuss what can be acceptable and unacceptable in various circumstances.

Discussion Questions:

Why do some behaviours depend on the situation?

How can the “red light” behaviours be dangerous?

1. Begin by handing out a red, green and yellow light paddles to be held up by each girl.

2. Explain: Green light= Acceptable/Healthy Behaviours

Yellow light= Sometimes acceptable or based on circumstances

Red light= Completely unacceptable

Note: It's helpful to prepare these definitions on a large butcher paper for the girls to refer to.

3. Following the discussion of healthy relationships ask the girls some scenarios from each category and ask the girls to raise their paddle to which they think each situation belongs.

4. If there are any outlying answers ask the girl to explain why they feel the

action belongs in that category.

5. Conclude by reviewing healthy relationships and answering any remaining questions.
